John Wood Automotive specializes in Ford Diesel transmissions. We are now able to send out 4 different stages of transmissions for a 7.3 Diesel. Our first transmission is a towmaster transmission. This transmission will run up to 375 HP, it has all new Ford parts and custom machined parts by John Wood. This will include a billet converter. This transmission is aimed for the stock to slightly modified truck and heavy towing. A towmaster transmission will cost \$3800.00 plus shipping and handling.

We offer 3 levels of performance transmissions from 175 HP to 1200 HP. Prices range from 3800.00 to 7400.00. John Wood Automotive also offers a 60% discount on shipping. For a quote and what transmission will fit your needs please call (760)356-1734
